

# Radical Reimagining

## North Sound ACH Partner Convening

January 18-19, 2023

North Sound ACH invites you to radically reimagine how we work together to create just and inclusive communities – where all people have what they need to thrive. *How do we imagine...*

- ... Dismantling systems of exclusion and harm
- ... Rebuilding (or creating for the first time) systems and conditions for access to Vital Conditions necessary for thriving
- ... Bridging across differences that too often divide us
- ... Creating a culture (norms, practices, and skills) that foster healing, belonging, and power-sharing
- ... Becoming really effective at creating collective change
